——— *Horrid Confuſion heap'd*
Upon Confuſion roſe. ——— MILTON.

WE cannot too much deplore our approaching Fate, under the riſing Terrors of *Dunkirk*; ſince, as I have mentioned in my laſt, the Walls and Fortifications are not only reſtored into the ſame Condition as they were in before the Peace of *Utrecht*, but conſiderably augmented and improved, and to ſtand unviolated in the Perfection they are now in. We have conſequently all the Evils that attended our Trade and Navigation, before that remarkable Period of Time, to apprehend from the Situation and Strength of that important Place, which overlooks and inſults our Coaſts, and ſtill menaces inevitable Interruption to our Commerce and ruinous Deſtruction to our Shipping; whenever *France* ſhall find her Convenience in giving us a new Inſtance of her Perfidy, as hardly a Ship can appear in the Day-Time in the Channel without the Notice of the Watch upon the Top of the Steeple.

Louis Quatorze well knew the Importance of it's Situation, for his Purpoſe and future Views, when he purchaſed it of our *Charles* II. and his Miniſtry: I ſay his Miniſtry, becauſe they aver in *France*, that, to facilitate the Bargain, it coſt near as much Money to diſtribute among the righteous Courtiers of that penſionary King, as the principal Conſideration Sum amounted to. *Charles*, like the Dunghil Cock in the Fable, ſold the Jewel he found (for it was acquired to his Hand) at the Reſtoration for a Barley-Corn. *Louis* put a Patriarchal Trick upon our inconſiderate *Eſau*, and while he ſtopt his immediate Cravings with a Trifle, ran away with his Inheritance. In the Improvement of this invaluable Acquiſition, it is ſaid, the new Poſſeſſor expended to the Amount of no leſs than *Three Millions* Sterling, before he brought it to that Height of Perfection, which rendered the Enemy ſo formidable to us during the Wars of *William* and *Ann*. The Depredations made upon us from thence, not only reimburſed the Royal Purchaſer his Millions, but the Place did us more Miſchief than all his Armies could; and *Louis* had been ſooner humbled were it not for this impregnable Fortreſs, which, inverting *Shakeſpear*, while it made us poor, made him rich indeed!

The *Grand Monarch* exulted in the Security of this moſt envied Port, and inſiſted on his Right of Purchaſe; and that as he had paid us a valuable Conſideration for it, we had no Pretence to make any Demands upon it whatſoever: And yet the Councils of *Ann*, without the leaſt Remorſe of Conſcience, not only meditated, but acquired it's Deſtruction, and reduced this Terror of the World into the Condition and Poverty of a private Village; 'till the pernicious Politics of *Leviathan* prevailed, of acquieſcing in all the Meaſures of *France* on the Continent, and conniving at her Subterfuges, her Evaſions of Treaties, and fraudulent Attempts to reſtore the mighty Bulwark, which coſt us twelve Years Waſte of Lives and Treaſure to deſtroy: And yet this iniquitous Miniſter never ceaſed exclaiming againſt the *Peace* which brought us that Advantage, and which he could never mend, but took all Opportunities to render worſe and worſe; as if he envied the Negociators of it the Glory of the *Demolition of Dunkirk*.

But however *bad* that Miniſter was, have we not lived to ſee yet w——? Have we not Reaſon to repine, that we did not, after the Example of the laſt *Dionyſius*'s old Woman, pray for his Life? Have we reviled the Councils of *Ann?* cenſured, abus'd, worried, defamed, and impriſoned or baniſhed, all thoſe who had any Concern in adviſing or negociating the Peace of *Utrecht*, under which the ſtupendous Works of *Dunkirk* fell? And yet have not our Eyes beheld worſe Days, worſe Negociations, and worſe, far worſe M**rs, C***rs and N****rs ſince? for various have been the Miniſtring, the Counſelling, and Negociating, in —— *Europe* ſince thoſe Days! Who is there that lived then, could ever expect to ſee the *Britiſh* Miniſtry of that Time regreted and juſtify'd, the vilify'd Peace of *Utrecht* envied, and the ſtupendous Walls of *Dunkirk* riſe in greater Perfection from their Ruins?

But Politics vary with the Times, and national Intereſts are ever changing. Raw, young Negociators of Yeſterday's Birth become ſometimes preferable to thoſe, whom Experience and Age have made wiſe. There was a Time when ſuch as theſe were rigid enough to treat *France* with Severity, and ſtrip her unconſcionably, not only of the Improvements, but of the original Benefit of her Purchaſe; and there was alſo a Time when we became more ſoftened and diſpoſed to treat her with Tenderneſs and better Manners, and ſo reſtored her to the utmoſt of her Wiſhes again.

After all, I can't forbear thinking that theſe Extracts of the Articles of Peace, which we have had from the *Dutch* Prints, are not genuine; for I can't find any thing ſtipulated in them for the Benefit of *G—— B——*, not as much as one ſingle Advantage! excepting that of getting rid of *Cape Breton*, and the confirming the *Aſſiento* Treaty for *Four* Years inſtead of *Nine*; which however we had much better be without, and have accepted of an Equivalent ſome other Way, as the Benefit of it has been generally engroſs'd by ſome *particular* Hands.

I doubt the Call I made upon the *Miniſterialiſts* to anſwer the two Queries in my laſt, will not be very readily anſwered, as an ingenuous Anſwer to the firſt muſt ſtand as a ſevere Reproach upon the laſt; ſince the Purpoſe of our going to War with *Spain*, with the general Cry and Concurrence of the whole Nation, is in no wiſe anſwered by theſe *pretended* Articles of Peace. On the contrary, it rather appears that we have tacitly given up all our juſt Pretenſions for going to War, and conſequently juſtify'd *Spain* in interrupting our free Trade, ſeizing upon our Ships, and maiming our Fellow Subjects in the *Weſt Indies*. We ſeem to have admitted our having ſtolen a pyratical Trade upon them; for I can't find, there is the leaſt Proviſion made for the future Security of our Merchants, or of the Poſſeſſions ceded to us by the Peace of *Utrecht*. While, on our Side, we have ſc—d——fly dropt the War, we have the Mortification to ſee *Spain* come off a Gainer, not only in the Omiſſion of ſecuring to us our Pretenſions, but in expreſs Stipulations on her Side: Provinces and Sovereignties ceded, as if her Arms had been victorious! A Son of *Spain* amply provided for, at the Expence of a faithful Ally, by our own Means and Procurement! and all her State Demands upon us left open and undecided!— So that the ambitious Houſe of *Bourbon* triumphs every way againſt us and our Friends, according to theſe pretended Articles.

Theſe pretended Articles ſeem to ſhow, as if we had complimented every Branch of that hoſtile Houſe with all their Demands, gratify'd all their Views, ſooth'd their Pride, honoured their Propenſions, and even prevented their Wiſhes. We ſubmited to treat at the *French* Miniſter's Houſe, and led the Vaſſal-Throng of N*g**rs to attend his Summons, and wait his Appointments. We have diſtinguiſhed their Language, faint and ſpiritleſs on every Occaſion, if we except Love at the Expence of the *Latin*, and in Diſhonour of our own, the moſt copious living Language in *Europe*, and therefore, ſince the *Latin* was to be laid aſide, had a Right to Pre-eminence; ſo that the Original of this extraordinary Treaty ſeems, according to theſe *pretended* Articles, to be found in *French* only. In ſhort, we have truſted them in every Thing, and they us in nothing. Our Public Faith is moſt groſsly affronted in the Demand made of Two noble Perſonages of the *firſt Rank* for Hoſtages, for the Evacuation of *Cape Breton*, and ſuch other Conqueſts as we may have made in the *Eaſt-Indies*; which however ſerves to convince us of the Importance of the firſt Place to them, and the terrible Apprehenſions they have been and ſtill are under from Admiral *Boſcawen*'s Fleet.

As the Reſtitutions expected from us are Sacrifices we make in Favour of our ever good Friends and *diſintereſted* Allies the *Dutch*, ſurely a Brace of *Holland* Burghers might have anſwered the Purpoſe as well, or one or two of the Towns they are already in Poſſeſſion of, were it not that the *French* Court's Deſign is to ſtrip us of the *Two fineſt Flowers* in our Garden; for, as 'tis whiſpered about, nothing leſs than our *Two Brothers* will ſuffice. By this Piece of Craft, the deſigning Miniſters of that Court will gain a double Advantage upon us; for while they deprive us of the Preſence and Wiſdom of theſe Two capital Pillars to direct our Councils, they, in Poſſeſſion of their Perſons, will take all Opportunities to improve from their refined Converſation, ſo as to render their Court as much renown'd thro' *Europe* for *Politics* as our own! *This* to inſtruct them in the Management of the public Finances; invent *Ways and Means* to impoſe and collect new *Impoſts*, more lucrative than the *Dixième*; ſet up complicated Schemes of Lotteries, Loans and Subſcriptions, on foot, to drain the Provinces into the Royal Coffers, more effectually than thoſe of *Lawe*: While *That*, with a Profuſion of Genius in the Art of *Diſguiſing*, not inferior, for the public Good, to the Tranſmutation of Metals, is to be magnificently buſy in directing their Feaſts and their Banquets.

Let therefore the *Two Brothers* go, and the Nation rejoice in their Departure; —— as in this Manner they will more effectually ſerve their Country in one Year abroad, than they could in a Dozen at the Head of our Councils at home. For this good End, let the one be furniſhed with a Sweep of *Jews*, *Brokers* and *Jobbers* from 'Change-Alley, to eke out his Train, ſuitable to his Dignity and his Talents; while the other need not put himſelf to any further Expence of Attendants, than juſt in refurbiſhing up thoſe that ſerved in his laſt Excurſion; as I apprehend he may be abundantly ſupplied with Proficients *in his own Way* in a Country, where, as often as three of the Natives meet, one is ſure to be of the *Profeſſion*; where he can't miſs of Numbers devoted to his Service; and where all Sorts and Conditions of Men will crowd to do Honour to the *great Reſtorer of the ſuperb Walls and Fortifications of* DUNKIRK.

LONDON.

'Tis ſaid that Thurſday ſe'nnight is appointed for the proclaiming of the Peace, in caſe his Majeſty is not detained abroad by contrary Winds; and we likewiſe hear his Majeſty has been pleaſed to ſignify his Intention of going to St Paul's on the Thankſgiving Day, which will be afterwards appointed.

By Letters received on Monday from Aix la chapelle we have Advice, that the Britiſh, French, and Dutch Ratications of the Definitive Treaty of Peace were arrived there, the Exchange whereof 'twas thought would be made in a few Days.

We hear that an Act will be brought into Parliament the next Seſſions, to abridge ſome of the Law Proceedings in our Courts of Juſtice, and for the more effectual Prevention of ſuch Sollicitors, &c. practiſing, as are not properly authorized to act.

Monday a young Student of Oxford was tried at the Court of King's Bench at Weſtminſter, for treaſonable Expreſſions againſt his Majeſty, and was found guilty; and is to receive Sentence in a few Days.

It is ſaid that a certain Nobleman, equally venerable for his Age, and reſpected for his unblemiſhed Probity, is reſolved to make uſe of the Authority veſted in him by his great Office, to revive the ancient diſcipline, and reſtore the Reputation and Proſperity of a certain famous Univerſity, in which Luxury, Indolence, and a Contempt of Authority, hath been long prevailing, which by Degrees has diminiſh'd the juſt Regard due to Academical Education, and has offered Occaſion, or at leaſt a Pretence of ſending Youth into Foreign Countries, where they acquire the Manners and Sentiments of Strangers, in the very ſame Proportion that they forget thoſe of their own Nation.

Wedneſday a Grant paſſed the Great Seal, unto Richard Arundel, Eſq; of the Office of Clerk of the Pipe, in his Majeſty's Exchequer, during his natural Life, in the room of Sir William Corbet, Bart. deceas'd

Tueſday Sir Samuel Spencer, Bart. was married at St. James's to Miſs Churchill, of Woodſtock; a beautiful young Lady with a Fortune of 10,000 l.

Saturday laſt —— Comyns, Eſq; was married to Miſs Ibbetſon, of Brook ſtreet; an agreeable young Lady, with a Fortune of 20,000 l.

Tueſday Morning at the Temple was married by the Rev. Mr. Parker, Jacob Ricketts, Eſq; of the Iſland of Jamaica, to Miſs Hannah Poyntz, Niece to the Right Hon. Stephen Poyntz, Eſq;

On Wedneſday the 19th Day of October laſt died at Buckland in the County of Brecon, the Lady Pryſe, to the inexpreſſible Grief of Sir John Pryſe, her diſconſolate Huſband.

The Truſtees of Morden College on Blackheath have appointed the 23d Inſt. to receive Petitions and the Wedneſday following, to fill up the ſeveral Vacancies in the ſaid College.

It is ſaid that a Court Martial will very ſpeedily be appointed to enquire into the Conduct of ſeveral Captains and other Officers, for not giving a proper Account of Prize Money to their Men.

Wedneſday the Lords of the Admiralty gave orders for diſcharging the Bedford, Cheſter, Lyon, Tyger, St. George, Eagle, and Chicheſter Men of War, and the Men paid off.

Wedneſday the Tranſports lately taken up by the Government, for bringing over Troops from Holland, fell down the River from Deptford, Blackwall, and Woolwich, to Graveſend, in order to ſail for Holland.

They write from the Orkneys, that on the 25th of October a Ship came on Shore at Birſay, without Maſts, Sails or Riging, and no living Creature on board; her Cargo conſiſts of Deals, and is ſuppos'd to be either a Dutch or Daniſh Ship and has written on her Stern, Katherine.

There is an Account, by the way of Holland, that the Eaſt-India Company's Ships bound to China, have loſt their Paſſage, and are put into Batavia.

The Eaſt India Company have received certain Advice, that a large Quantity of Silk, to the Amount of four hundred Bales has been ſeiſed by the Morats, (a kind of Free-booters) as it was bringing to the Factory at Bengal. ——This Loſs is the more conſiderable, as there is very little Silk of the ſame Sort in Europe.

The Smuggling Cutter taken by the Hound Sloop of War, had on board upwards of 4000 lb of Tea, and 150 Anchors of Brandy, which were brought to the Cuſtom houſe Warehouſes on Saturday laſt.

We are credibly informed that three Out-lawed Smugglers have been taken from on board an Outward bound Ship going to Liſbon, by the Grampus Sloop of War.

Wedneſday was committed to Newgate by John Green, Eſq; Joſeph Putty, otherwiſe Small, otherwiſe Wall, a Smuggler, charged with Riding with Fire Arms, at Nefgreen in the Pariſh of Hitchin in the County of Suſſex.

Wedneſday was committed to Newgate by Alderman Hankey, Samuel Smith, charged on the Oath of Charles Holmes, on Suſpicion of ſtealing a Parcel of Tea, to the Value of 4 l. his Property.

On Monday a large Silver Eel, which the Tide had left on Shore, was taken up in the Mud at Limehouſe-Hole; it meaſured five Feet three Inches in length, ſeventeen Inches round, and weighed twenty-ſeven Pounds and a half.

On Tueſday laſt a Boat which was coming up Long Reach to London, was overſet by a ſudden Squall of Wind; but two Men who were in it were ſaved by an Oyſter Smack, and brought ſafe to Town; and the Waterman Swam to ſhore.

On Thurſday Evening a Schoolmaſter at Greenwich that had been miſſing for ſeveral Days was found hanging on the Key of his Door, kneeling on his Knees, with a Prayer Book faſt clinched in his Hands.

Tueſday Morning as a Child belonging to a Soapboiler, in Roſe-ſtreet Newmarket, was eating her Breakfaſt, a Bit of Bread ſtuck in her Throught, and tho' all poſſible Means were uſed to get it out, they proved ineffectual, and in a ſhort Time ſhe expired in the greateſt Agonies.

They write from Paris, that an epidemical Diſtemper now reigns in the Convent of Viſitation, in the Suburb of St. Germain; and is the more dangerous, as the moſt ſkilful Phyſicians are abſolutely ignorant what Medicine is good for it. The Seat of it is in the Almonds of the Ears, which comes to Suppuration without any Pain to the Patient, or the leaſt Difficulty in eating and drinking. Many of theſe Patients having been bled, it is obſerved that the Texture of their Blood is entirely broken.

Several Merchants at Amſterdam have received Advice from their Correſpondents in the South of France, of ſeveral new Bankruptcies at Marſeilles, and other Places, which renders every Body ſo ſuſpicious, and has caſt ſo great a Damp on Trade, that the good Effects of the Peace are much leſs felt than was expected. There has been ſuch a Scarcity of Corn at Avignon, that they have been forced to ſend Agents to Leghorn and Naples, to purchaſe it at any Rate, the Harveſt having likewiſe failed in the Iſland of Sardinia, from whence they uſed to receive conſiderable Quantities in Time of Peace.

Extract of a Letter from Cologn, Nov. 3.

" Their Imperial Majeſty's have graciouſly ſignified, by their Miniſters at the Dyet, that they could wiſh to ſee the famous Proceſs of the Houſe formerly Heuvelick, repreſented at this Day by the Heirs of Winkelhauſen, againſt the Houſe of Salm-Salm, brought to an amicable Determination; among other Princes of the Empire who have Intereſted themſelves therein, his Britannick Majeſty, and his Electoral Highneſs of Mentz, took upon them this Meditation, by their Miniſters at the Dyet, and have made the deſired Accommodation to the Satisfaction of both Parties."

As the Corſicans are very quiet, ſince the Publication of the Armiſtice, there is no talk at Genoa of ſending more Troops thither at preſent: But the Letters from this City inform us, that as the late Behaviour of the Corſicans has made their Maſters for ever ſuſpicious of their Conduct, it is thought they will again grow turbulent if they can ſee means to do it with Impunity: To prevent which it has been reſolved, as ſoon as Advice comes that the Peace is actually concluded, that the greateſt Part of the Troops which the Republic may determine to keep on Foot will be quartered in that Iſland.

SCOTLAND.

Edinburgh, Oct. 26. Friday, the twenty firſt, came on at Jedburgh the Trial of James Young, formerly mentioned, for Wilful Fire raiſing, before the Lords Strichen and Drummore, when the Jury having brought in a ſpecial Verdict, the Pannel was adjudged to be baniſhed to the Plantations in America for Life.

Edinburgh, Oct. 27. Yeſterday at a Meeting of the Reverend Preſbytery of Edinburgh, it having been moved by a Member, how far it was expedient and regular to employ Mr. George Whitefield, eſpecially as he is a Perſon whoſe Character is ſuſpected; the Preſbytery after reaſoning, agreed to delay further Conſideration of the Affair till their next Meeting, and in the mean Time recommended to the Brethren within their Bounds not to employ Mr. Whitefield, and named a Committee to meet and prepare an Overture thereupon, to be laid before them at their next meeting.——One of the Members deſired that his being againſt the Recommendation to the Brethren not to employ Mr. Whitefield, might be marked.

That Afternoon Mr. Whitefield preached his Farewel Sermon in the Orphan-Park, (wherein he ſignified to the Audience, that they might expect a Viſit from him next Summer if he did not go abroad) and ſet out this Day for London.

Extract of a Letter from an Officer in Colonel Herbert's (late Price's) Regiment of Foot at Fort Auguſtus, dated October 9, 1748.

" We have had here ſuch terrible high Winds that we were oblig'd to break up Camp ſooner than otherwiſe we ſhould have done and march to this Place for Winter Quarters. We have not finiſhed the Roads we were cuting thro' the Highlands, ſo that we ſhall return in the Spring of the Year to make an End of them. The Damage done by the Winds which has continued for theſe 9 Days laſt paſt without Intermiſſion, is altogether incredible, ſeveral Huts have been blown down, and ſome People killed, Abundance of Sheep and Oxen have been loſt with the Inundations occaſioned by the Wind."

October the 14*th*, 1748.

" Yeſterday the Foot Poſt informed us of great Damage done to the Buildings in Sterling and Inverneſs, by the Wind, and of ſeveral Peoples being drowned at both theſe Places. We had not an Opportunity of Writing ſooner, as there is no King's Poſt comes here; we are obliged to wait the Foot-Poſts coming, which he has not done 'till Yeſterday theſe 12 Days paſt, for ſince the Wind has abated, we have had ſuch very heavy Snow, that it was impoſſible for a Man to travel."

PLANTATION NEWS

Boſton, Sept. 1. We hear that near 200 Men from the Firſt Regiment in the County of Worceſter, and a Number from the County of Hampſhire, have inliſted and gone out after the Indian Enemy (who have greatly infeſted the Weſtern Frontiers for ſome Months paſt) Brigadier Dwight being the Chief Commander. On their going out, the Indians have withdrawn for the preſent. If other Regiments would follow this laudable example it would be of public Service, eſpecially to our Frontiers, in covering them while they get in their Hay, (which we are informed is not half done) and ſecuring the latter Harveſt.

By a Veſſel from Annapolis Royal to York (at the Eaſt End) we are informed, that Col. Goreham, with his Company of Rangers, being in the Woods in queſt of the Indians, and having ſat down to eat ſome Victuals, was fired upon by the Enemy, who killed the Colonel as 'tis ſaid, and ſix of his Men, and then ran away as faſt they could into the Woods.

And by Captain Morton from Cape Breton, we hear, that Capt. Conoly was arrived there from England, with Orders for the Garriſon to evacuate Louiſbourgh, and that in Conſequence of thoſe Orders, they had actually begun to Ship off ſome of the Stores for Annapolis Royal. Alſo, that four of the Officers of the Garriſon, with as many Ladies being abroad ſome Miles from the Place, were ſurprized and taken by a Party of the French Indians, who ſtripp'd the Women and ſent them back, but carried the Men away, notwithſtanding they pleaded the Ceſſation of Arms between the two Crowns.

New York, Aug. 15. Tueſday laſt arrived here Capt. Link from Anguilla, by whom we hear, that there are three Pyrates cruizing in the Weſt-Indies, one of which belonged to Guardaloupe, one to Monſerrat, and one to Antigua, which laſt, we hear, has been taken by a French Privateer.

Philadelphia, July 28. At the Treaty held laſt Week at Lancaſter with the Indians, and Twigtwees, a numerous Nation, the Inhabitants on the Banks of the River Ouabache, or Wawbaſh, were taken into Friendſhip with the Engliſh, which they ſollicited by their Deputies. The Shawneſs likewiſe by their Deputies, intreated to be pardoned for their Miſbehaviour, at the beginning of the War and to be again received into Favour, was granted. We are informed, that ſome other more diſtant Nations wait only to hear what Reception the Twigtwees meet, being ſtrongly inclined to throw themſelves into the Arms of the Engliſh, who have ſince the War furniſhed the Goods to their Allies cheaper than the French could do.

Thurſday arrived a Mail from France.

Paris A-la-main, Nov. 9.

The Duke of Bizon, Colonel of the Regiment of French Guards having received repeated Complaints, that his Soldiers ſtole out clandeſtinely to pillage in the Night, and that ſome of them had inſulted the Watch, has ordered that a Sergeant and two Corporals of each of the thirty-three Companies ſhall conſtantly patrole from the Duſk of the Evening 'till Midnight, in ſuch Stations as ſhall be appointed them. Such Soldiers as are found lurking about the Streets, after 8 o'Clock, are directly ſent to Priſon, and the Tattoo which uſed to beat at 8 o'Clock, is now actually beat at 7 for that Purpoſe.

M. Pernard, Preſident of the Parliament, Son of the Preſident de Rieux, and Grandſon of the late celebrated M. Sam. Bernard, was married ſome few Days ago to Madam. de Boulainvilliers, a rich Heireſs of an illuſtrious Family in Picardy.

By Letters from Genoa of the 28th ult. we are told, that their Chief Buſineſs there at preſent is the raiſing of a Loan of 200,000 Livres at 3 1 half per Cent. per Ann. for the Service of the Admiral of the Galleys, who is ſadly at a Loſs for Want of Slaves and proper Officers.

We are aſſured, however, that the Republic will very ſhortly make their grateful Acknowledgements to the Spaniſh General for his Signal Services, who went on Saturday laſt to Genoa on Purpoſe to pay his Compliments to the Duke of Richlieu, on his Advancement to the Dignity of Marſhal of France, with which he is now inveſted.

Dr. NELSON's Moſt Wonderful PANACEA,

For CONFIRM'D VENEREAL LUES, *and all the Relicks or Remains of it in the Blood,*

Which it infallibly eradicates, tho' of ever ſo long ſtanding, it having been long experienced to be the only ſafe and ſure Remedy for that hateful Diſtemper, that was ever known or diſcovered.

IT curing ſo eaſil , and inſenſibly, as to any Diſorder it gives, Con finement it requires, or Suſpicion it occaſions, that it is admired and recommended by all that have taken it, for it neither purges, vomits, nor ſalivates, but cures by it's alterative, de-obſtruent, antivenereal Qualities; inſomuch that Children, and the weakeſt and moſt tender or crazy-conſtitutioned People, may take it at all Times of the Year, and go about with it as if they had taken nothing, as may likewiſe thoſe who have been brought near the Grave, by repeating unſucceſsful Salivations, or other violent, or too frequent Purgations, or Vomits; for it reſtores as well as c'ears the Blood, of all the lurking poiſonous Taint and Mercury, tho' never ſo ſecretly lodg'd in the Body; whereforelet none of thoſe unfortunate People deſpair; but try it, and they will be comfortably convinc'd of the Truth of what is here ſaid of it.

Perſons who are pox'd to the laſt Degree, their whole Maſs of Blood being contaminated, and have been told nothing but a Salivation would cure them, tho' they labour under tormenting Pains in the Head, Limbs, or Joints; or have Breaking out of Scabs, Blotches, Boils or Spots; or have Swellings, Nodes, Sores, or Ulcers, either in their Throat, Noſe, or elſewhere, with Wearineſs in their Limbs, Faintneſs and Weakneſs of the whole Body, &c. may entirely rely upon it, only that, according to the Degree of the Infection, they muſt take and continue it for a longer or ſhorter Time

Such as have only ſome Relicks of the Diſeaſe, or but ſuſpect that their Blood has got a Smatch of the Taint, by ſome unuſual Uneaſineſſes about them, which they now and then feel, either from ill-managed Claps, or other doubtful Cures ſhould never venture to marry if they are ſingle, or meddle with their Wives if married, till they are ſure they are ſafe, as they moſt certainly will be, upon their only taking a Pot or two of it.

It is alſo exceeding pleaſant to take, as well as delightful in it's effects, and thoroughly cleanſes, nouriſhes and reſtores, the fouleſt, moſt weakened, and worn-out Conſtitution.

Price 5 s. the Tin-pot, prepared only by the Doctor aboveſaid and left by him (Mr. Ifted, Bookſeller, at the Golden Ball in Fleetſtreet, being dead) with Mr. Corber, Bookſeller, at Addiſon's Head oppoſite St. Dunſtan's Church, Fleetſtreet; and at Mr. Cook's, under the Royal Exchange; where it may be had by any Meſſenger, ready ſealed up with Directions how to take it, by only asking for a 5 s. The True Cordial Quintessence *of* Vipers, *the moſt Noble and Grand Preparation in the whole* Materia Medica, *for the real, ſubſtantial Cure of* Impotency *in Men, and* Barenneſs *in Women; and is vaſtly preferable to* Viper Wine, *or any other Preparation of* Vipers *whatever, as being replete with the full and whole Virtues of them.*

A Few Drops of it only, gives ſuch a generous Warmth, and ſo exceedingly delights the vital and Animal Spirits, Senſes and Nerves, as ſoon to ſhew what it will do, upon a little Continuance of it; for it not only promotes, and prompts to a Deſire, but alſo furniſhes proper Matter, for the Support and Eſtabliſhment of a true laſting Inclination and Power.

By this Means it anſwers the End as well of Food as Phyſick; nor is there any thing in Nature beſides, that can in that Reſpect come up to it conſidering that it univerſally nouriſhes and reſtores in all the Declenſions of Deſire and Vigour, without the leaſt forcing the Veſſels, or ſtimulating the Parts, as moſt other Medicines for theſe Purpoſes do: And tho' it be a Maxim in Phyſick, that sine Cerere & Baccho Friget Venus, this, in itſelf, is ſo ſufficiently nutritious as to want no Aſſiſtance that Way; not but it muſt be allowed, that good Eating and Drinking with it, cannot but in ſome Degree, at leaſt as an Auxiliary contribute to its Efficacy.

Nor does it only furniſh Matter, and create Deſire, but alſo true Power (as it braces up and corroborates the Teſtes) and gives an elaſtick Springineſs to the Muſculi Erectores Penis in Men, and corrects, cleanſes, and comforts the Uteros, or Womb, in Women. The Lankneſs and Laxity of the former, and the Fou neſs, Coldneſs or Obſtruction of the latter, being more the Cauſe of Impotency or Infertility, in t e one Sex, and Indifferency or Sterility in the other than any Thing elſe beſide; and that it is Balſamick, and greatly Reſtorative, is confirmed by long Experience, and we have many Inſtances in Phyſical Writings, of Perſons arriving to a healthful old Age, as well as recover'd from deplorable Decays and Weakneſſes, by a continued Uſe of the common Preparations of Vipers which this Quinteſſence, by being of vaſtly more Efficacy, brings about in a Quarter of the Time, and with the Tenth Part of the Quantity

Thoſe who but once try it, will ſo pleaſantly experience it nutritive quickening Properties, in exhilerating the Heart, reviving the Spirits, comforting the Vitals, circulating the Juice, and recreating and renovating, as it were the whole Man, that they will never be without it; for it is ſuch a preſent Help, in Time o Need, as that on the taking then but a Doſe or two more of it than ordinary, it will ſo inſtantaneouſly animate the dull inactive Spirits, and rouze up, and actuate the ſluggiſh enfeebled Faculties, in both Sexes, as to excite and capacitate where it could hardly be expected, and at the ſame Time ſeldom fails to render that conjugal Intercourſe Prolifick, Price Half a Guinea the Bottle.

Mr. Weſt, Goldſmith, who us'd to ſell theſe Bottles, being lately dead, it is now Sold only by his Son-in-Law, Mr. Johnſon, a Baker, at the Seven Stars in Vere-Street, Clare-Market, ſealed up with Directions (for any Meſſenger) upon asking for only a Bottle of Quinteſſence.

For the Venereal Disease.

THE ſhorteſt, ſafe, and regular Cure, this Day in the World, from the ſlighteſt Infection to the moſt inveterate Degree of it, by a Medicine as pleaſant to take, and as eaſy in its Operation as it is effectual in its Cure; ſo that the unfortunate Patient gets ſuddenly and ſurprizingly well, without Diſtaſte to his Palate, the leaſt Diſorder of Body, or any Confinement whatever. This is that great Remedy, now ſo well known and long experienced to be truly infallible, and is the Grand ANTI SYPHILITICON that Radcliffe and Garth uſed to ſay would totally extirpate the Venereal Diſeaſe from the Face of the Earth, were it but univerſally known, and properly taken. Freſh Infections, call'd Claps, with all their cruel attendant Symptoms, it preſently cures; and if taken in Time, even prevents their taking Place. It is a ſafe, gentle, and pleaſant Family Purge, even for Children as well as grown Perſons, in all Caſes where Purging is neceſſary; nor can the deepeſt Scurvy, Rheumatiſm, Gout, Evil, or Leproſy, ſtand before it, but are pleaſantly cured and thoroughly extirpated by it, as well as the higheſt and moſt inveterate State of the confirmed Venereal Diſeaſe, which, with all its moſt raging Symptoms, it ſoon eradicates, reſtoring Health, Strength, and Vigor to the Body. Thoſe who once take it, will never have Recourſe to any Thing elſe.

One Pot in moſt Caſes is ſufficient for a Cure, and can only be had at Mr. Radfor 's Toyſhop, at the Roſe and Crown againſt St. Clement's Church Yard in the Strand, at 6 s. a Pot, ſealed up with a Book of Inſtructions, in which all Perſons may fully underſtand their own Condition, and certainly know when, and when not, the Venereal Poiſon is rooted out of their Bodies.

Note, Ask only for a Six Shilling Pot for the Scurvy.

GLEETS and SEMINAL WEAKNESSES,

SO deſtructive to the Conſtitution, and ruinous not only to the unhappy Individual labouring under them, by draining away the Radical Moiſture or very Eſſence of Life, and inducing Conſumptions, Nervous Diſorders, &c. but to Poſterity alſo, inaſmuch as thoſe afflicted with ſuch Gleetings, if not wholy diſabled, as very many are, from propagating their Species, are yet render'd incapable of begetting any other than puny, miſerable, and ſhort-liv'd Iſſue.

Theſe waſting Gleetings, occaſion'd by Self-pollution, exceſſive Venery, ſevere Purging for Venereal Injuries, or by violent Strains, &c. and which have been deem'd by almoſt all Phyſicians and Surgeons to be ſo very difficult to overcome, are now ſo certainly known to be directly, and in a manner at once perfectly cur'd by the Grand Reſtrictive Balſamick Electuary, that no one, how bad ſoever, need deſpair of being entirely ſet to Rights by it in a few Days.

It is from this its moſt extraordinary Efficacy, that ſo many Practitioners in Town and Country now ſend for it for their Patients, as finding it to be the only ſure and infallible Remedy that can be ſafely rely'd upon in thoſe Caſes. This Grand Medicine is to be had only by the Author's Appointment, at Mr. Radfond's Toy-ſhop, at the Roſe and Crown, againſt St. Clement's Church Yard in the Strand, London, at 6 s. a Pot, ſeal'd up, with a Book of Inſtructions, highly neceſſary to be read by all Perſons whoever were afflicted with any Diſorder of the Seminal Veſſels or neighbouring Ports.

Note, Ask only for a 6 s. Pot of Balſamick Electuary.

No Letters anſwer'd unleſs Poſt-paid.

The moſt wonderful cleanſing and ſtrengthning Drops for all Sorts of Gleets, and Seminal Weakneſſes and Imbecilities of the Generative Parts and Faculties, preventing Miſcarriages in Women; and to cleanſe and ſtrengthen the Reins, Kidnies and Bladder, cure weak Backs, Strangurites, Gravel, and Stoppage of the Urine, and for which it has gained ſuch Repute, that near 20000 *Bottles have been ſold ſince April* 1734, *that they were firſt publiſh'd.*

THESE incomparable Drops, which for the abovelaid Diſorders are not to be equall'd in the whole Art of Medicines were preſcrib'd by the late Dr. Ratcliffe, for a certain noble Lord, who for a long Time had been vex'd with an obſtinate Gleet and Weakneſs, of which he was cured by them in a few Days, beyond all Expectation, after he had been harraſs'd with Electuaries, Boluſſes, Pills, Potions, Injections, and a hundred other Medicines, for many Months together in vain.

The Apothecary who prepared them for him according to the Doctor's Preſcription (which he has ſtill upon his File) has made Uſe of them ever ſince to Numbers of People in the very worſt of Gleets, ſeminal and genital Imbecilities and Infertilities, Pains in the Back and Reins, Diſorders of the Urine and Gravel, &c. with the utmoſt Succeſs and Safety; as alſo in all Weakneſſes from Strains, as well as Venereal Relicts, exceſſive Coition, Self Pollution, ſeminal Emiſſions in Sleep, Falls, Blows, Wrenches, and the like, in both Sexes.

And as they have never once failed him, even in Caſes thought to be incurable, he now, for general Good, has made them publick: And that the meaner Sort of People might partake of the Benefit of ſo divine a Remedy as well as the Rich, he has put them up in Bottles of but 3 s 6 d each, tho' for the Excellency of their Effects they are worth their Weight in Gold, more eſpecially as one Bottle of them generally Cures, even in the moſt draining Gleets, and grievous Relaxations and Weakneſſes of the Seminals and Genitals, as alſo of the Back and Reins, that are.

Nor can there be prepared, by any Art or Skill, a more cleanſing and healing, or a more ſtrengthening and invigorating Medicine, or one that can more effectually cure Impoteney, or promote Fertility, than this, as every one that but once tries it will ſay, by their ſoon finding the Difference between this and other Remedies; for it will do more in one Day towards reſtoring in theſe Weakneſſes than any others can in ten, and is of ſo corroborating a Nature that it may be entirely rely'd upon for curing perfectly and firmly, without Fear of Relapſe, even in the tendereſt Conſtitutions, which can hardly be ſaid of any other Medicine, and it is withal ſo elegantly pleaſant to the Palate, and ſo agreeable to the Stomach that the niceſt Perſon is delighted with it.

Mr. Weſt, Goldſmith, who us'd to ſell theſe Drops being dead, they are now Sold only by his Son-in-Law, Mr Johnſon, a Baker, at the Seven Stars, in Vere-ſtreet, near Clare-Market, ſealed up, with Directions, for any Meſſenger upon asking only for a Bottle of Drops and paying 3 s 6 d.

He likewise sells to the Ladies all sorts of WATER COLOURS and VARNISH with every thing necessary for the New Japanning; and gives a printed Direction, for the doing of it to the greatest Perfection, to those that buy Colours. Also Italian Powder for cleaning Pictures, and fine Picture Varnish.

His House faces Norfolk Street, and not Arundel Street, in the Strand.

The only short and infallible Cure for that reigning Disease the SCURVY, *and all Scorbutick Humours, tho' arrived to the highest or most inveterate Degree, or of ever so many Years standing, and that without any sensible Evacuation, or the least Purging, which, by an unaccountable Antipathy, is generally advised, altho' always found rather to encrease and confirm the Scurvy than cure it.*

By the so much fam'd and most pleasant Chymical DROPS.

WHICH, without the least Trouble, Confinement, or any Disorder whatever, do at once strike at the true Cause of the Scurvy, and entirely destroy it, and all Scorbutick Humors and Effects, Root and Branch, so as never to return again in so many Thousands of those Sores have experienced, and as all who take them in Three Days Time are convinced; for they almost instantly alter the morbid State of the Juices purify the Blood, sweeten all the Fluids, cleanse them from Impurities, and directly clear the whole Habit from all Spots Blotches, black and blue Marks, Pimples, foul Eruptions or Breakings out, Weakness of the Limbs, languid Heavyness of the whole Body wandering Pains, Weakness of the Back, and all the vast Variety of Symptoms by which the Scurvy shuffles and conceal'd under the Appearance of the Rheumatism, and many other Distempers.

And for strengthening the Stomach, immediately creating a good Appetite, causing a regular and easy Digestion of Food, and curing all windy Effects and Disorders of the first Passages, (whence proceed Head Achs Vapours, and other Indispositions) no Bitters, nor any other Medicine upon Earth can compare with them, inasmuch that besides infallibly curing the Scurvy, in all its Shapes and Appearances they assuredly and directly cure the Green-Sickness in Virgins, Worms, of all Kinds, in Young or Old, and almost all other Chronick Diseases, which are chiefly occasioned by Indigestion and flatulent Crudities in the Stomach and Bowels) and certainly prevent Fevers, Agues, and other acute Illnesses.

They are wonderfully Cordial and Restorative, strengthen and ennen the whole Machine, and as soon as taken, make the Patient pleasantly lightsome, brisk and vigorous to Admiration, and are good for all Sorts of Persons, to preserve as well as to procure a sound and healthful State of Body.

But the great Reputation these so much fam'd and most pleasant Chymical DROPS have so universally gain'd among Persons of Eminence, for their suddenly and infallibly curing the Scurvy and all Scorbutick Humors, and other Chronick Diseases, in such an easy and agreeable Manner, have occasioned many to imitate them, some under the same, and others under other Names; be careful therefore not to be deceived, but be sure to have the Right, which, by the Author's special Appointment, are to be had, only at the Gentlewoman's at the two blue Posts in Haydon Yard in the Minories, at 3s. 6d a Bottle, with Directions.

Concerning Gleets and Seminal Weaknesses of all Kinds.

ALL judicious Physicians and Surgeons allow, that nothing is more difficult to cure than Stubborn Gleets and Seminal Weaknesses whether occasion'd by too severe purging for Venereal Injuries, violent Strains, Pollutions, or any other Cause whatever; and that they are dangerous in their Consequences, as well as difficult to cure, is as certain since they exceedingly weaken the Generative Faculties, infeeble the whole Nervous System, often bring on Hectick Heats, a Tabes Dorsalis, or Consumption of the Back, or an Atrophy or Nervous Consumption which frequently terminate in Death itself.

All such therefore who have the Misfortune to be troubled with Old Stubborn Gleets, Seminal Effusions, Involuntary Emissions, excessive Nocturnal Pollutions, or any Weakness of the Kidneys, Ureters, or Bladder, the Diabetis, Incontinency of Urine, or Difficulty of holding their Water, would doubtless be glad to meet with a certain, safe and speedy Cure, which they most assuredly may, by the taking only a small Quantity of a transcendent Balsamick Restrictive Electuary, now published for a general Good, after having for many Years in private Practice been experienced never once to fail perfectly curing the most Stubborn Gleets known, in a few Days, without Difficulty or Trouble: as also all other Weaknesses of the Back, Reins, Seminal Vessels and Urinary Passages, which it almost instantly cures, bringing to rights and restoring all those Parts and Passages to their natural Tone and pristine Vigour, in a very extraordinary Manner, and by taking a few Doses of it only.

This transcendent Balsamick Restrictive Electuary is neither disagreeable to take, nor occasions the least Disorder, but is a wonderful Restorative in all Weakness and Decay of Constitution of any Kind, and particularly strengthens the Back, Reins, Seminal and Urinary Vessels, to an immense Degree, insomuch that in any Debility of them, one Dose of it does more than ten of any other Remedy yet found out; and all Persons fatigued with Gleets or Seminal Weaknesses of any Sort, or Weakness of the Urinary Vessels, who take it, will in three Days time find it so very effectual, that they will be most agreeably surprized at it.

When a Medicine will infallibly accomplish such a safe, speedy and perfect Cure of such difficult Maladies, as Gleets and Seminal Weakness are, as this Great Remedy truly and directly will, even after all other Means and Medicines have been try'd in vain; too much cannot be said in Praise of it, and this all who ever took it for any of the above-mention'd Purposes, have readily declared.

The Price is but 6s. a Pot, altho' for its absolute Efficacy, one Pot alone being sufficient in most Cases to accomplish a Cure, worth ten time, as much, and by the Author's special Appointment, is to be had only at Mr. Radford's Toyshop at the Rose and Crown against St. Clement's Church Yard in the Strand, ready sealed up, with a Book of Instructions, which whomsoever carefully reads will be complete Master of his own Case, and perfectly know, when the Gleet or Weakness he is afflicted with succeeds a Venereal Injury, whether all the Malignity of the Venereal Disease is entirely extirpated or not. *Note, Ask only for a* 6s. *Pot of Balsamick Electuary. No Letters answer'd, unless Post paid.*

ANTI-SIPHYLICON.

THE only short and most infallible CURE in the Universe for the *Venereal Disease* from the slightest Infection to the most extreme and deplorable Degree of it, even when the Blood and Juices are thoroughly contaminated with its malignant *Virus*, and the very Bones are affected with it.

Fresh Infections, call'd Claps, with all their attendant Symptoms, tho' ever so severe, are entirely carried off by it in a few Days, and to as effectually to prevent the Blood and Juices from being tainted with any remaining Relicks, on one Hand, or a seminal Gleet, or Weakness, to happen on the other.

And the most inveterate Degree of the *French Illness*, attended with nocturnal Pains, universal Breakings-out, and all other the most exasperated Symptoms, are soon overcome by it, and effectually and much more safely cured than by Salivation, Inungation, or any other Method whatever, and in so easy and pleasant a Manner, without impairing Strength, or occasioning any Inconvenience, as loudly to bespeak it the only apposite Remedy, or true *Venereal Antidote* in the World, and this tome Thousands have, to their great Joy, experienced.

It is pleasant to take, occasions no Sickness or Disorder, nor requires Confinement, but may be taken, and the Cure be accomplished, without the Knowledge of the nearest Friend.

Those who suspect they have received an Injury may, by only a Dose or two of it, be perfectly freed from all Apprehensions; for it suffers no lurking Venom to lie hid in the Body, but wholly extirpates it, Root and Branch, in a gentle, easy, and effectual Manner.

All such, likewise, as doubt they have some remaining Relicks of former Injuries, may, by a few Doses of it, entirely free themselves from all Suspicions of that Kind; for it admits of no Foulness, Corruption, or Putrefaction whatever, to remain in the Fluids, or to adhere to the Solids; and, on that Account, in all Scorbutick, Scrophulous, and even Leprous Eruptions, or Foulnesses of the Skin, or glandulous Swellings, and Impurities of the Juices, it does more by one Dose than any other Medicine, yet known, can by ten.

The Price of this most noble *Anti-Siphylicon* is but six Shillings a Pot, which, considering its extraordinary Efficacy, one Pot only being sufficient, in most Cases, to accomplish the Cure, is not a tenth Part of its Value; and is appointed by the Author to be had only at Mr. Radford's Toy-shop, at the Rose and Crown, against St. Clement's Church-yard, in the Strand, ready sealed up, with a Book of Instructions, by the Perusal of which all Persons who were ever affected with any Degree of the *Venereal Disease* may perfectly understand their own Condition, and certainly know when, and when not, the *Venereal Poison* is entirely rooted out of their Bodies. Note, *Ask only for a Six Shilling Pot for the Scurvy. No Letters answer'd, unless Post-paid.*

The So-much Fam'd HYPO-DROPS.

WHICH in a few Days infallibly cure *Hypochondriack Melancholy* in *Men* and the *Vapours* in *Women*, so as never to return again, be they ever so severe, or of many Years standing, and even after all other Remedies have prov'd ineffectual; and that by immediately striking at the very Root or true Cause, as well as remedying the Effects, of those perplexing Maladies and all their Variety of Symptoms, by which they mimick by Turns almost all the Diseases poor Mortals are afflicted with, and have their Rise from a depraved Appetite, vicious Ferment in the Stomach, and Indigestion of Food, whence proceed Crudities and flatulence or windy Disorders in the first Passages, ill Fumes, sour Belchings, Cholick, and Uneasiness in the Bowels, which Crudities offend the Nerves, and, by Consent of Parts affect the Head, and produce sometimes Giddiness, Dimness of Sight, confused Thoughts, pertinacious Watchings, troublesome Sleep, Frights, groundless Fears, and the deepest Melancholy, with direful Views and terrible Apprehensions; at other times, Fits, flushing Heats, Reachings, Faintness, Lowness and Sinking of Spirits, and Palpitation of the Heart, Startings, Tremblings and Twitchings in the Limbs and other Parts, with many convulsive Disorders, sharp Pains, fix'd or wandering, Pain and Weakness in the Back, and other almost innumerable and grievous Symptoms, which miserably afflict vast Numbers of both Sexes.

All which Symptoms in their sharpest Paroxysms, these so much fam'd and most pleasant Drops, (which are Chymically prepar'd from the most valuable Specificks in the Mineral, Vegetable, and Animal Kingdoms, and exalted to the highest Degree of Perfection possible) instantly quell, and at the same time annihilate their real Cause, directly bringing the Stomach into right Order, creating a good Appetite, rectifying the Digestion, occasioning laudable Chyle, and, of course, good Blood, Plenty of calm, free, and chearful Spirits, a regular Circulation of all the Fluids, and Strength of Nerves; so that both Cause and Effects of Melancholy and Vapours, are thoroughly removed by them, almost on the Spot, as the many Thousands of both Sexes they have perfectly cured, evince.

Whoever takes them for three Days only, will be sensible they are absolutely to be depended upon for an effectual and lasting Cure, and certain it is, that no Medicine upon Earth can equal them; be careful therefore to have the right Drops, which are to be had only at Mrs. Holt's, at the Crofs-Keys and Star below the Royal Exchange, in Cornhill, at 2s. 6d. a Bottle, with Directions, at large.

The only True Specifick TINCTURE

For the TOOTH-ACH, *and all Disorders and Defects of the* TEETH *and* GUMS *whatever, which has given such intire Satisfaction to the Nobility and Gentry for above these Twenty Years past, by its vastly excelling all other Things, either formerly invented or lately contrived for these Purposes;*

SINCE one Drop of it gives infallible and instant Ease in the most tormenting Pain, when nothing else will, and not only takes it away in a Moment, but absolutely cures the TOOTH ACH, to as certainly to prevent its Return.

At only once using, it makes the foulest Teeth most beautifully white, assuredly fastens those that are loose, and infallibly preserves the Teeth from growing rotten, and those a little decayed, from becoming worse: It perfectly cures the Scurvy in the Gums, causing them to grow up to the Teeth again to Admiration, and also occasions a sweet Breath.

It is neither disagreeable to the Smell or Taste, but effectually preserves the Teeth and Gums from all manner of Foulness, Corruption and Putrefaction, keeps them sound, good, and in most beautiful Order, and may be depended upon to answer the Character here given of it, literally, and in every Respect, as Persons innumerable have experienced.

But these inimitable Qualities, and solely inherent Virtues by which it has justly gained such an universal and unparalell'd great Character, have occasion'd, as usual in such Cases, various and frequent Endeavours to mimick it, some under the same Name, and in the very Words of this Advertisement, and others under other Names; be careful, therefore, to have the right, which may be infallibly relied upon, and which is to be had only by the Author's Appointment, of the Gentlewoman at the Two Blue Posts in Haydon Yard in the Minories, London, at 3s. 6d. a Bottle, with Directions

Good Allowance to those who take Quantities for Exportation.

To Persons of either Sex,
Afflicted with any Species of the PALSY, *or other* Nervous Decays.

NEVER were NERVOUS DISEASES, PALSIES, and PARALYTICK DISORDERS so frequent as of late they have been, nor have the usual Remedies been found adequate to those pertinacious Distempers: This occasioned a Physician, who employed his Thoughts much concerning them, to adapt a Medicine, a Sovereign Elixir peculiar to, and effectual for, the Palsy, and all other Nervous Complaints now reigning, which after he had experienced on vast Numbers of Persons of both Sexes, and always with surprizing Success even so as infallibly to cure by it the Palsy, and all Paralytick Effects and Nervous Disorders, he permitted it to be made publick for a general Good, that so those labouring under these miserable Ailments might know where to meet with a safe and most certain Cure, which it accomplishes in so short a Time, and with such Ease and Pleasure (a few Drops of it being a Dose, highly agreeable to the Palate, and comforting to the Stomach and Bowels) as is almost incredible to relate.

But the taking one Bottle of it only demonstrates its prodigious Efficacy to every one, and the Patients soon finds all Numbness, Deadness, and shaking, or Relolution of the Nerves, as well as all convulsive, cramp-like, or painful Contractions of them, vanish and return no more, and this, though these Diseases have been of many Years standing, and whether occasioned by long Illness, fast Living, hard drinking, or any other Cause; for it performs all that can be wished for in Nervous Cases, creates an Appetite, expells Wind, rectifies the Digestion, occasions laudable Chyle, attenuates the Blood and Juices, causes a free and regular Circulation of 'em thro' the Capillary Vessels, revives and increases the Spirits, warms, comforts, strengthens, and replenishes the Brain and whole Nervous System, hence the Sinews, Tendons, Ligaments, and all the enfeebled Parts are invigorated, the Limbs restored to their pristine Steadiness and Strength, and the Palsy and all Paralytick Disorders and Nervous Decays fullerly cured by it, to the Admiration of the Patients themselves, and all about them.

This sovereign and incomparable Elixir is permitted to be sold only at Mrs. Holt's, at the Cross Keys and Star below the Royal Exchange in Cornhill, London, at 3s. 6d. a Bottle, with printed Directions at large.
